Mr. Harry Kurani,  
Our records indicate that JHK Distribution, Inc. 86145 has neither acknowledged the Generic Data Call-In nor submitted a 90-day response for GDCI-081405-1804 for active ingredient trichloro-s-triazinetriene (PC Code 081405)  
GDCI-081405-1804 was issued on June 17, 2019. The acknowledgement was due by June 27, 2019 and the 90-day response was due by no later than September 15, 2019.  
Please both acknowledge this GDCI and submit your 90-day response as soon as possible. Failure to do so may result in a product suspension.  
If this is an error, please respond to this email with a CDX record number for your acknowledgement and/or 90-day response or a scanned copy of your paper submission.  
Feel free to reach out to me if there are any questions.  
Thank you,  
Daniel Halpert
